Foreword

We, the class of 1955, not wanting our high school days to be forgotten, bring you this book. May it truly become a spotlight to acquaint you with our high school days as we recall them.

Dedication

Approximately one year ago, that which started out to be a delightful, fun-packed canyon party turned into a monstrous tragedy.

Three lovely girls fell victim to this tragedy. The Lord saw fit to take one of these beautiful girls from us. We know that she is happy in a glorious place.

The other two, being seriously injured, have fought long and valiantly to recover from these injuries.

With the fighting spirit of a ball team and cheerful attitude of a Pep Club they are winning their "game."

It is to these valiant girls that we dedicate the 1955 TREASURE CHEST.

Our wish is for your total and speedy recovery.

May God grant it so.

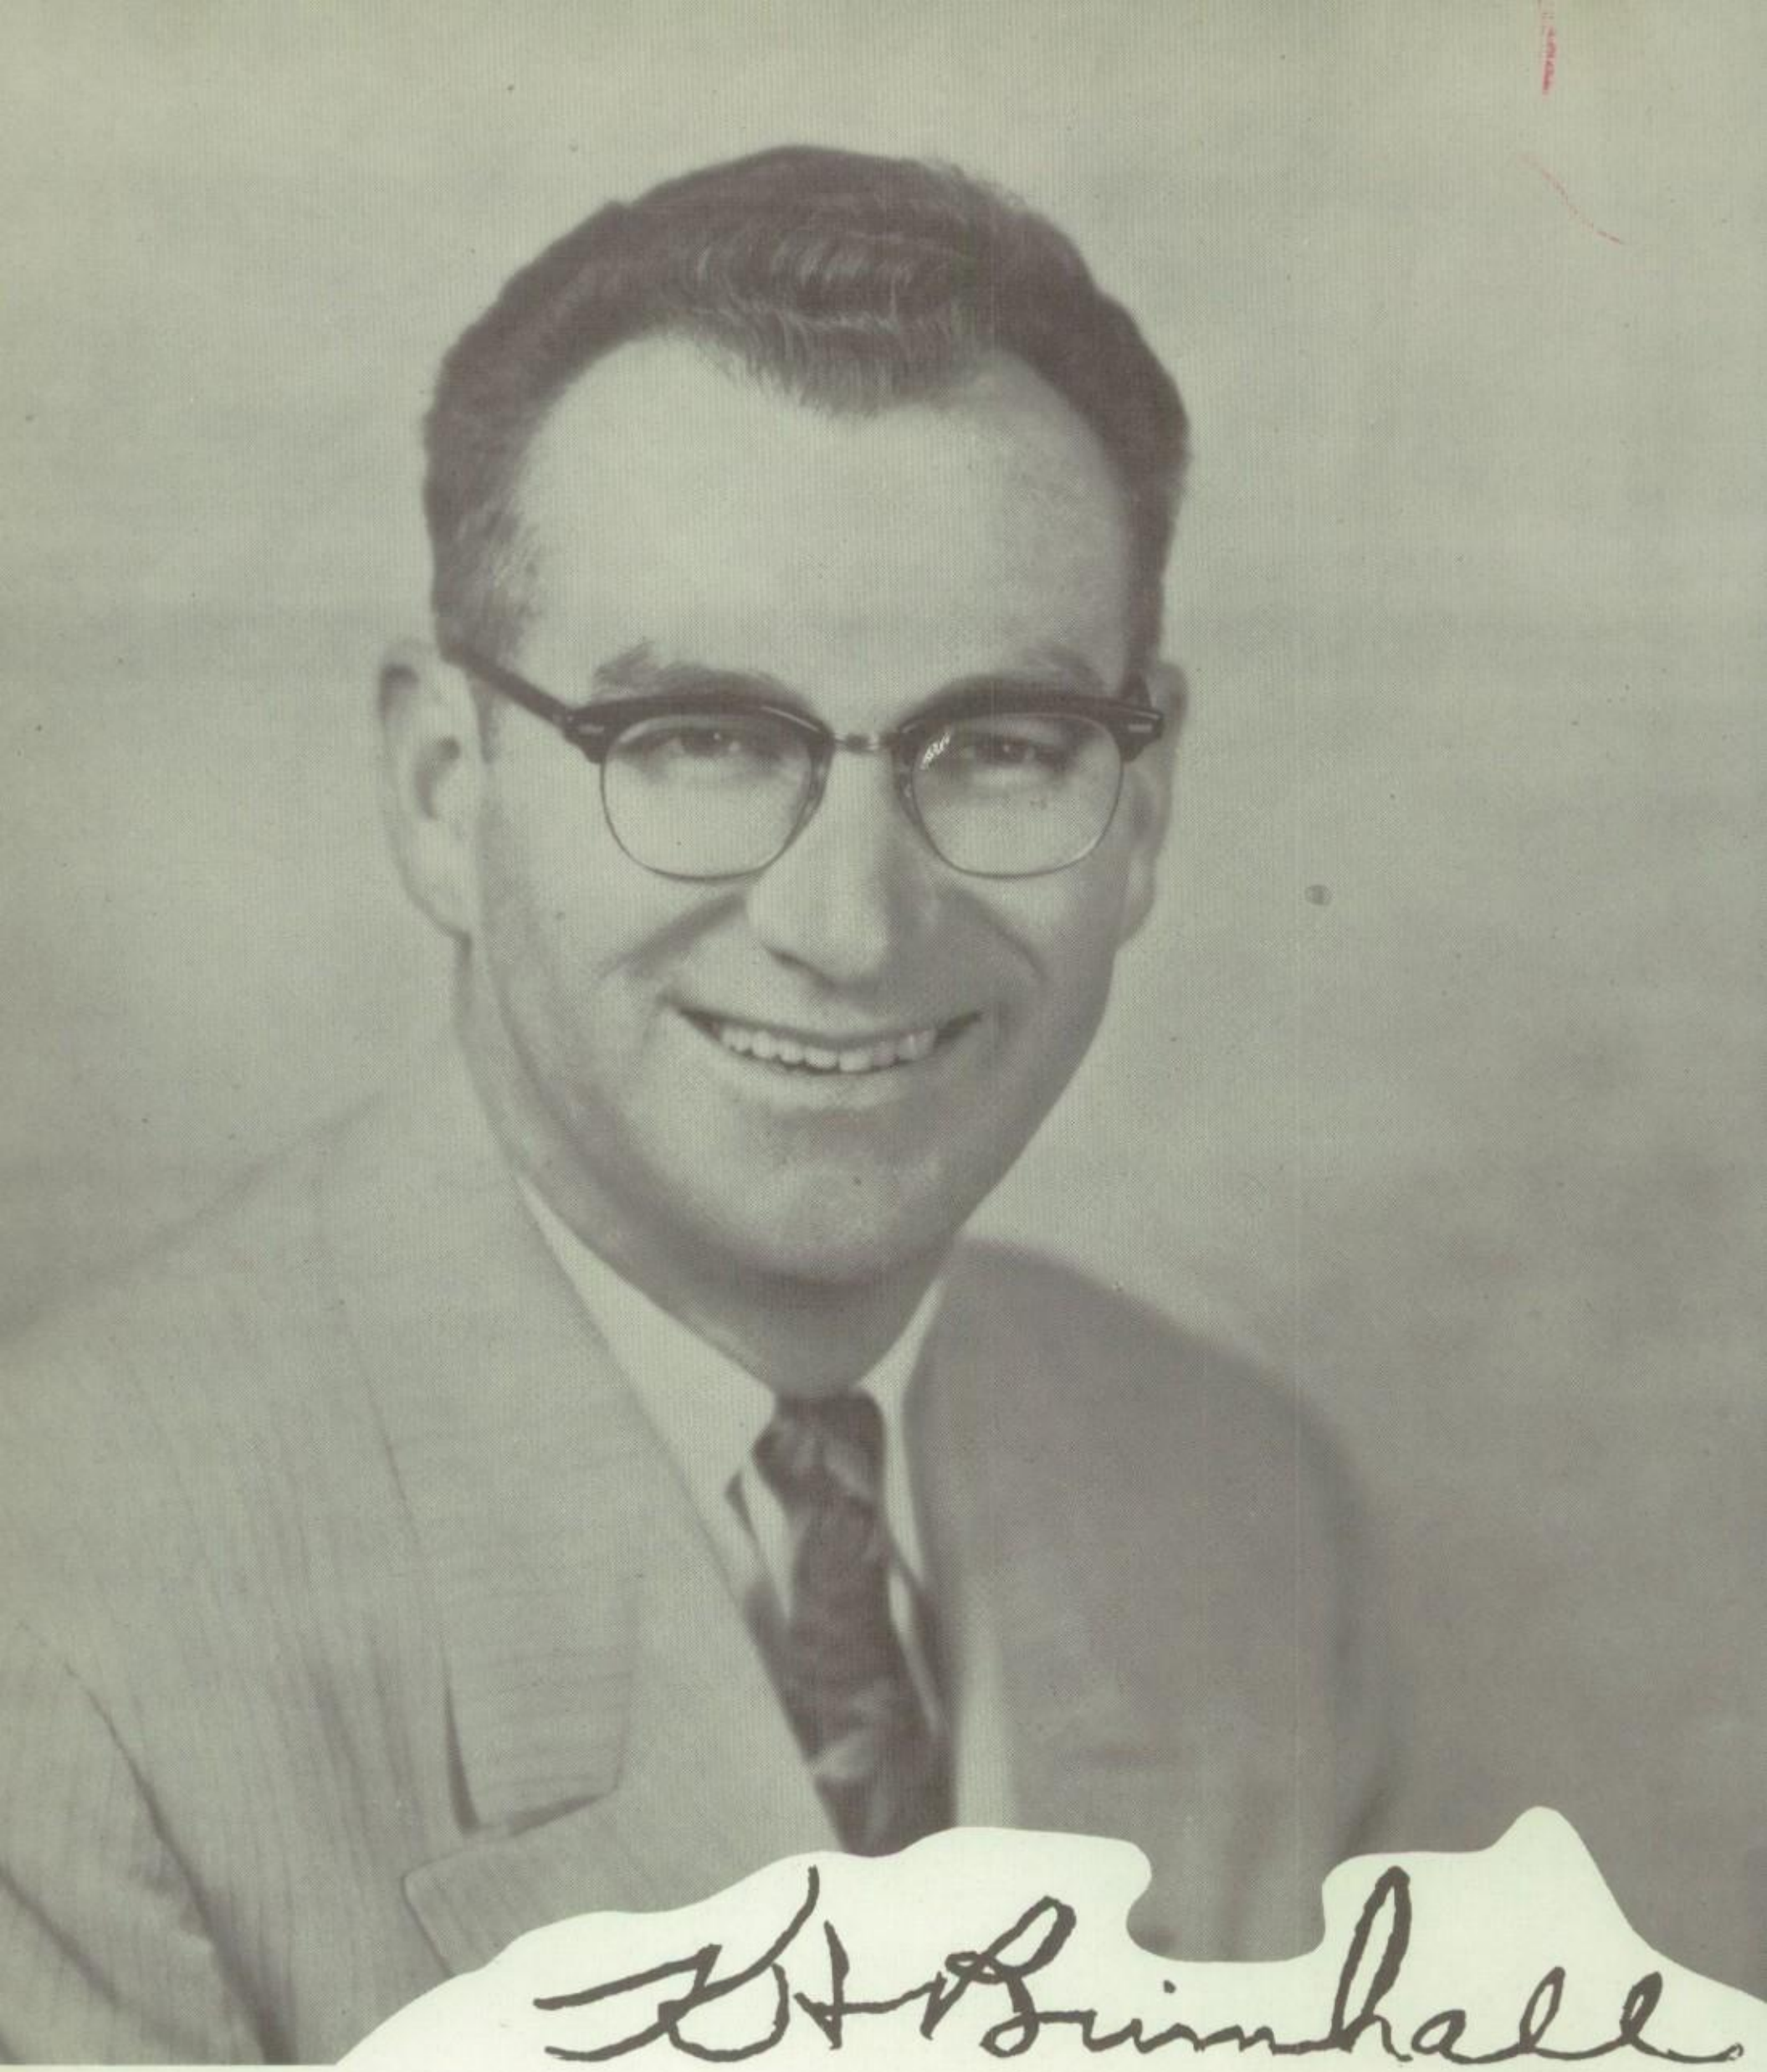
Administration



For all sad words of tongue or pen, the saddest are these: "It might have been." After a few months on a job or in college most students wish they had spent their time and energy more wisely while in High School. All remark that college, or their present job, would be easier and more rewarding if they had been more dilligent in their high school studies. Intelligent use of past and experiences, our own and others, is the reason for our high level of civilization. In this school let us learn a lesson from the past. Let us profit from the mistakes and experience of others. Make good use of time. It is your only asset.

Dear Students:

The greatest thing to accomplish in the world is to conquer ourselves. We can conquer the art of, drama, music, sports and one other thing that men set out to do; but the greatest of all is to conquer ourselves. We can't accomplish this in one day, or one year, it takes a lifetime.

The opportunities in school help us to conquer ourselves, as well as help prepare a career for each of us.

This has been a busy and exciting year for me. I've really enjoyed my job as student body president, and being able to associate with a student body such as ours. Our superintendent and faculty have really done a splendid job, and I want to thank them for their cooperation with the student government.

I've enjoyed my high school years, and really think we have a wonderful student body and school.

Jay Schvaneveldt
Student Body President

Student Council

STUDENT COUNCIL 1954-55

The student council during the school year, has discussed and solved many problems, pertaining to the welfare of our school and student body.

We members of the student council have planned and prepared activities to make school, a more interesting and worthwhile experience. Each day brings forth new problems to be solved, and by solving them, we better ourselves.

We are continually living and working for the future. School is the best and only way to develope and prepare ourselves for the future. We must take advantage of each day, for each day brings new problems, which developes the individual.

The reputation of a school is made by the students of the school. Therefore it takes the cooperation of every student, in order that a school obtains a good reputation.

The students elected to lead the student body need the support and cooperation of every student, in order that the student government may function properly.

As members of the student council, we wish to thank the students and the faculty for their help and cooperation, because without their support we could not have had a successful year.

Senior Class Prophecy

The other day while I, Marie Baxter, was closing my dress shop someone bumped into me—and guess who it was. You remember Margaret Hatch, don't you? Well, she is still the giggling type, but now she is married and has the cutest little boy running around. She is also a crystal ball gazer. While we were talking she invited me over to look into the crystal ball. These are a few of the things I saw:

Elray Balls—Is now playing for Minneapolis Lakers.

Stephen Bastian—A very well educated doctor in Brazil.

Beverly Bingham—Still waiting for Kay Don, who got married to a Guatemala baby.

Gloria Bingham—Stewardess for United Air Lines. Married and having a wonderful life.

LaReen Butters—in Africa as Mr. Mylroie's secretary.

Leola Campbell—Well, believe it or not, she finally found a man. And you should just see all those kids running around, why they're just out of this world and just like their mother.

Larry Dahle—He predicts the future and is the world's greatest wrestler. Married and has one little wrestler and one toe dancer.

Jarvas Deaton—Big business man sitting behind a desk and having six children to tend to. Driving a big Buick around. The Buick is never going to be out of the Deaton family.

Maureen Griffeth—Hair dresser for Hollywood's famous actresses.

David Hansen—Stylist of summer clothes, modeling in Arabian Desert.

Arlene Hatch—Working in Z.C.M.I., in Salt Lake City, still trying to get her M.R.S. degree.

Eleanor Jeo—President of Z.C.M.I., in Salt Lake City, has gotten Arlene Hatch's M.R.S. degree.

Lyle Henderson and Narveen Kofoed—Are running against each other for position of President of U. S.

Howard Holden—Has just captured the outside world for his canvas.

David Jensen—African farmer prospecting for uranium. Married to a millionaire and has 12 children.

Kaylene Johnson—Switchboard operator in her husband's hotel.

Marilyn Lemmons—Still trying to get over the shock of the Montpelier game in her senior year.

Gloria Lloyd—Has now taken the place of Marilyn Monroe in Hollywood, California.

Marley McColluck—Has taken the place of Babe Ruth.

Ramona McDermott—She holds the title of being the fastest race car driver or any other car.

Dixie McCombs—She's doing a bumps and grind routine on the strips in Las Vegas.

Hi Beautiful

Well here we are at the end of another year with 3 left to go. "maybe"

I have really enjoyed going to school with you the past years, ~~often~~ especially this last year, since October anyway.

I really think you are a darn good kid & you always will be as far as I'm concerned.

I sure hope we have more of the same years as we have had in the past.

Changed pens.

well what have you thought of our teachers this year? Johnson for instance & Egbert. I don't think they have been to bad ~~Then~~ once you get to thinking about it, except for Johnson. General that is.

I sure hope that we don't end up like Carolyn & Dave. Do you-? Carolyn is a heart smasher & Dave is a sucker. "Right"

I don't know if I'll be glad when school is out or not, because it will be a dry summer without getting to see you for days & maybe weeks at a time. Maybe I'd better not make this to dilly because maybe someday you'll want to rip this page out but I sure hope not & because everything I've told is the truth & it always will be if I can help it.

Well, can't think of anymore to put.

Love always

"½ yo to Pueblo Mooche" Terry Johnny S.

Don't mind the writing it was in the dark

Dear Colleen (Jerry)

Well, aren't I lucky? writting on Jerry pages. Well he can't write here now because I am. Besides he has written to much now.

Haven't we had fun until Jan. then boom. Well I guess it just had to happen. gosh I hope it could build up again. look ~~at~~ at the fun we could have again.

I really don't have much to say but what I do I mean.

Here wishing luck and success in your future, Take it easy on Jerry you know your both young and sweet.
